

YOUR CAREER CLARITY JOURNEY

My tried and tested recipe for career clarity success is outlined below. While every client is different, I know that working through the steps below will take you closer to having a career and life that's more like you.

START WITH YOU

Who are you? What are your skills and interests? What are the recurring themes from your current and past work? What's holding you back?

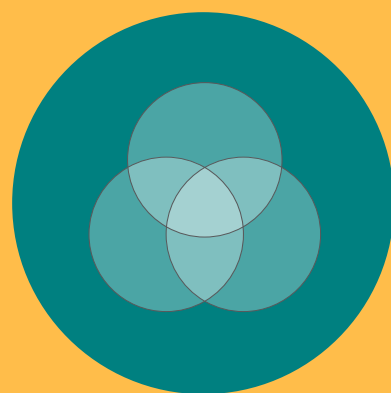

CREATE A STRONG AND COMPELLING VISION

Create a vision of your ideal career and life. Define what success looks like for you.

SYNTHESISE

Bring it all together and decide what's most important. Brainstorm contender careers. Broaden your possibilities then limit them.

RESEARCH & INFORMATION

What do you need to know to move forward? Research your options. Talk to people. Take real world action.

DECIDE - PLAN - COMMIT

Make a plan that's right for you. Flexible or rigid. Commit to a career. Set milestones. Have complete clarity.
